# AUSTRALIA'S SOUTHERN COASTLINE FOR TRUE EXPLORERS

Explore Australia's southern shores on a small ship expedition. This raw and rugged coastline is fringed by many islands and inlets, and carved by the mercurial turquoise waters of the Southern Ocean. Visit islands such as Kangaroo Island, Flinders Island, and the Recherche Archipelago - brimming with human and natural histories and often difficult to reach - that are home to wildlife such as rare wallabies, sea lions, and numerous birds.

A highlight of these itineraries are coastal walks along nature trails, often ending in ocean views or sweeping white-sand beaches. Hosted by expert guides, learn about the flora, fauna, and history of these remote habitats. Along the way, enjoy the tastes of the southern coast and indulge in fresh regional seafood and hand-selected local wines.

Find freedom on Australia's southern coastline.

## SailSAFE

Our Health & Safety Plan for guests & crew

### Our SailSAFE Plan

It is our priority to keep our guests and crew safe while travelling with us, and our SailSAFE Plan ensures we operate responsibly in the new environment that COVID-19 has created.

Remote, nature-based expeditions with Australian crew, and small groups less than 99 guests provides a lower-risk environment. The addition of our approved SailSAFE COVID response plan, as well as our thorough pre-cruise testing model, create additional confidence when sailing with us.

We have partnered with Respond Global, a specialist medical advisory agency, to assist us in developing these protocols that are among the most thorough in the world.

With a focus on prevention, to target a 100% COVID free environment when we set sail, we have a three-tiered medical screening system in place before boarding. This prevention protocol is supported by onboard mitigation actions and a thorough and compassionate response plan.

### DAYS 2-10:

*Your Expedition Team may make changes to the itinerary in order to maximise your expedition experience. Below are the key destinations we visit.*

#### TROUBRIDGE ISLAND

Troubridge Island Conservation Park is an important breeding area for birds and is home to a large colony of little penguins, black-faced cormorants, and crested terns – an ideal environment for bird enthusiasts. Spend the morning relaxing on the white-sand beaches, or visit the site of the lighthouse, built in 1856. This evening, watch the sunset light up the rocky coast as we cruise past Cape Jervis.

#### ANTECHAMBER BAY, KANGAROO IS

Antechamber Bay is one of Kangaroo Island's finest coastal havens. Here, enjoy beach walks along the bay or swim in the turquoise water. Spend time hiking the rocky headland to the Cape Willoughby Light Station, circled by crashing waves, and also tour the Lighthouse Keeper's cottage.

#### WESTERN RIVER COVE

Today, land at isolated Western River Cove to visit the beautiful historic homestead, and observe the effects of the recent bushfires and subsequent recovery. There may be an opportunity to meet the homestead owners and hear their stories. A walk along the ridge reveals spectacular views of the valley, and the beach offers excellent snorkelling or swimming. Weather permitting, visit beautiful Kangaroo Beach. Later, cruise past the sea cliffs at Cape Borda for wonderful views.

#### LINCOLN NATIONAL PARK & MEMORY COVE

The Lincoln National Park is cloaked in windswept eucalypt and she-oak forests, home to many bird species, including the rare western whipbird. At Memory Cove, stroll through dense bushland and emerge atop the cliffs to enjoy spectacular views of the Southern Ocean and the islands scattered throughout the Spencer Gulf. This evening, cruise past Cape Catastrophe and along Whaler's Way, hearing the fascinating stories of this rugged coastline and observing the sunset light up the spectacular cliffs.

#### COFFIN BAY NATIONAL PARK

The pristine waters of Coffin Bay are home to numerous pods of dolphins, sea lions, and seals. Emus and kangaroos roam and the natural beauty of this area is the backdrop to your day's adventures.

Here, enjoy an unforgettable food experience – hop into some waterproof waders and take a seat at the Saltwater Pavilion to shuck and taste your own delicious Coffin Bay Oysters.

Later, hike through the Coffin Bay National Park and enjoy interpretation of the landscape, and snorkel or kayak with the chance to spot some of the marine life. We may visit 7 Mile Beach to wander through the beautiful dunes.

#### FLINDERS ISLAND

Located around 35kms from the Eyre Peninsula Coast, Flinders Island has a long history of sealing, whaling, and farming. Owned by the Woolford family since 1979, they run an established sheep farm, abalone harvesting business and are working to establish a Safe Haven for vulnerable native species. Meet the Woolford family to learn about the history and conservation projects on the island. Visit the *Kapara* shipwreck at Bryant's Bay, and stroll through the shearing sheds at the farm. Taste fresh abalone and other local seafood at Eyrewoolf Abalone. This evening, cruise past protected Pearson Island in the light of the setting sun.

#### TUMBY BAY

At Tumby Bay, explore the quaint farming town on a walk to take in the many murals that have been painted here. Enjoy a mangrove walk also to experience the peaceful natural environment.

#### CAPE DONINGTON & REEVESBY ISLAND

Start your day with a visit to Reevesby Island that reveals the history of this remote region. Visit an important seabird breeding site and hike to the historic homestead. This chain of islands offers sheltered bays, golden sand beaches and reefs teeming with marine life. Later, enjoy a refreshing dip at Cape Donington before hiking to Stamford Hill and the Flinders Monument. Spot western grey kangaroos, emus or goannas, or see long-nosed fur seals or Australian sea lions on the rocks.

#### WEDGE ISLAND

The rich sea-life around these islands attracts top predators including white pointers, and we might spot marine activity as we cruise to Wedge Island. This island was used as a secret radar station during WWII. Wedge Island is also home to unique Australian fauna – you might spot endangered Bettong, Fairy Penguins, Rock Wallabies, Emus, Wombats, and a large variety of bird species. This evening, enjoy sunset drinks as we cruise past the Althorpe Island Lighthouse.

### DAY 11: ARRIVE ADELAIDE

This morning, we arrive in Adelaide at 7:30am to disembark at 8:00am. A post cruise transfer is included to the CBD or airport.

### TRIP LOG

"We took to the Vista Deck for our pre-dinner drinks just as the Pearson Islands loomed off the starboard bow. From the ship's rail, we enjoyed the marvels of these imposing island peaks – home to an endemic rock wallaby species, plus significant reptile, and bird fauna. The Baudin Expedition named the islands *Les Enfants perdus* – the lost children. Even in silhouette against the setting sun, with gauzy ocean spray rising from their flanks, these islands were captivating. Studded with sculptural granite forms and thick casuarina woodland, it's little wonder that they have attracted such keen scientific scrutiny. As dinner was being served, a gaudy sunset with every fiery hue possible straddled the western horizon, prompting many diners – including the Master – to abandon their meals for a photo."
