

NEW SHIPS, NEW ITINERARIES

Destination-focused. Culturally enriching. Carefully curated.

Discover the Viking Difference

Viking has been created for discerning travellers who believe travel is more than just a trip but a chance to explore, learn and understand the destinations they visit.

Known as **The Thinking Person's Cruise**, we are committed to providing a cruise experience that focuses on cultural insight and personal enrichment. Our **onboard program** includes world-class guest lecturers and a Resident Historian offering iconic lectures specific to your journey to help understand each destination on a whole different level.

As the **world's leading small ship cruise line** we take you closer to the heart of the places you visit, docking where the larger ships cannot with more time on shore to explore.

On board, our **highly trained staff** go out of their way to make you feel comfortable and create an easy-going, relaxed ambience where nothing is too much trouble. They are one of the main reasons people choose to travel with us over other cruise lines again and again.

Our **industry-leading Health & Safety** protocols including on board PCR labs, sanitation robots and enhanced air filtration systems are in place to keep you safe, while letting you enjoy your cruise the way you expect to.

It's this and more that has led to our **multi-award winning** ocean fleet being voted World's Best five years in a row by Travel & Leisure readers.

While a Viking cruise is not for everyone, it may just be for you.

Enjoy, it's all included
